

Independent Colleges of Indiana
2008-09 Indiana College Guidebook Order Form

Dear Partner in Education:

Because of your commitment to and involvement in higher education, I am pleased to send you the **2008-09 Indiana College Guidebook: *Getting It Right – Your Choice, Your College, Your Future***, providing a comparative overview of the campus profiles of Indiana’s 31 independent, nonprofit, regionally-accredited, degree-granting colleges and universities. What I think you will find especially striking about Indiana’s independent sector of higher education is that each college and university has its own distinctive personality, allowing students to “get it right” by finding the best fit for their college educations and future aspirations.

Our independent campuses now offer degrees in more than 230 fields of study, with the major subject categories of these degrees reflected in the chart on pages 16-17. The diversity of academic offerings is truly incredible---so expansive, in fact, that we are not able to capture every possible field of study offered by every college and university in one chart. That’s one of the reasons why **we’ve added an interactive online version of the Guidebook with this edition, directly linking students to complete academic offerings at each institution, as well as other helpful services**, such as arranging a campus visit and contacting the admissions office via email. **This online version is available at www.indianacollegechoices.org.**

If you would like us to send you additional print copies to share with others (students, parents, counselors, colleagues, community leaders, etc.), please complete the form below and return it by fax (317/236-6086). Please be sure to indicate the number of additional Guidebooks you would like. Thank you for all you do to help Hoosiers find their best college fit.

Sincerely yours,

Hans C. Giesecke, Ph.D.
President and CEO
